

EDUCATION ACHIEVEMENT
AUTHORITY of Michigan

July 20, 2012

To Whom It May Concern:

The Education Achievement Authority of Michigan is the newly formed “system of schools” that will revolutionize and transform the delivery of pre-kindergarten through twelfth grade education within our state of Michigan. This student-centered educational approach will function as a paradigm shift toward greater higher education preparedness and insure that all students are college, career and workforce ready.

On behalf of the Education Achievement Authority of Michigan, I take this significant opportunity to express my sincere appreciation for Sensible Business Consulting Group, President Joseph Kimbrough for participation and delivering an engaging, high energy, motivational, workshop on "Becoming a Student Leader in the 21st Century," at our Super Youth Leadership Summit held at Michigan State University on Saturday, February 4 and Sunday, February 5, 2012.

Wow, what a great experience for all attendees – students, leaders, chaperones, staff and MSU students!!!!

As colleagues and students from Ann Arbor, Detroit, Flint, Grand Rapids, Ecorse, Redford and Farmington Hills - stood together and gave tremendous feedback regarding their high schools and school districts, the Summit was an exceptional format for outstanding teambuilding, and workshops.

Just as important, Mr. Kimbrough was able to provide significant input for the EAA of Michigan – Strategic Plan. Please note as an effort to share his stance on overall education, his expertise including core beliefs; describing 21st Century education possibilities; monetary value placed upon 21st Century design of schools; plus the WOW statement, Tagline, Facebook and commercial presentations he helped produce was utilized toward our Strategic Planning, presentations to the EAA Board of Directors and our key stakeholders.

I surely recommend Mr. Kimbrough – Motivational Speaker and President of Sensible Business Consulting Group to any other school or educational institute that is looking for an enhanced opportunity for its students. I am available if you would like to talk further.

With much, much appreciation,

Tyrone E. Winfrey, Sr.
Chief of Staff
